

A stylized, flat-design illustration of various sea creatures in shades of blue and teal. At the top is a large, detailed leafy branch. Below it are several jellyfish with circular bells and long, flowing tentacles. In the center, there are two large, branching coral-like structures. A small, five-pointed star is positioned near the top center. At the bottom, there are more coral-like shapes and a delicate, leafy branch. The entire scene is set against a plain white background.

Morze Śródziemne

Wiatr Zmian

Podwodne osuwisko wstrząsa dnem oceanicznym. Niszczy siedliska wielu gatunków morskich i blokuje ich trasy migracyjne. Tsunami uderza w nabrzeże, niszcząc łodzie rybackie.
